

WILBERFORCE ROAD SPORTS GROUND

CODE OF CONDUCT FOR FACILITY USERS

GENERAL

Everybody using these facilities should:

- treat other users with respect and fairness
- never discriminate towards others on the grounds of race, gender, religion, age or disability
- treat the facilities and any equipment with appropriate care
- put bikes in the bike racks provided
- behave responsibly at all times, taking into account their own personal safety and the safety of others
- inform staff of concerns regarding aspects of the facility and any behaviour of other facility users, along with anything that they think presents a risk to users
- inform staff of any incident within the ground resulting in or with the potential to have caused injury to a person
- observe all permanent and temporary signs and warnings posted on the site
- comply with all instructions issued by staff
- not smoke anywhere on the sports ground
- observe speed limits on roads on site
- use the litter bins provided on site and not leave litter in any other area of the ground
- keep dogs on leads at all times, away from the athletics track and clear up all mess

TRACK RULES

Everybody using the athletics track and field facilities should:

- not train in lanes 1 and 2 of the track, unless with the prior agreement of the Groundsman. Permission will only be granted in specific circumstances. No individual, group or club has any agreement in place which overrides this rule
- never move, erect or dismantle equipment unless they are trained to do so and with prior agreement to do so from the Groundsman
- report to staff any defects with equipment or track surfaces
- not use the throwing cages, landing areas or jumping beds/pits without the presence of a qualified coach
- not leave bags and equipment unattended
- ensure that they wear the correct footwear (no spikes longer than 6mm on main track and no studded footwear)
- ensure that during busy sessions the coaches coordinate sessions to enable optimal and safe use of the track for all training groups
- be watchful at all times that they are not impeding other users. This should mean careful choice of lane use during rest periods between intervals
- not spit on the track, jump or throw surfaces

HOCKEY RULES

Everybody using the synthetic hockey surface should:

- always ensure that the gate and curtain are closed while training or playing hockey
- wear appropriate footwear (no long studs)
- make sure all shooting practice takes place away from the athletics side of the pitch and at the far end of the pitch away from the pavilion building

- move goals back to their original position at the end of a session
- not, under any circumstances, hit the ball around outside of the fenced area
- not warm up/down by jogging on the athletics track unless it is clear that it is not in use by other users

THE PAVILION

All users of the Pavilion should:

- remove all running spikes, studded shoes and excessively muddy shoes before entering the pavilion or the viewing area around the outside of the main pavilion room
- respect all staff and signage around the building
- not take food or drink out of the club room
- not clean shoes or trainers in sinks or showers
- use the appropriate changing room as indicated on the allocations board
