

Cambridge and Coleridge Athletic Club Reports 2020

Keith Clarke, November 2020

Chair's report

KEITH CLARKE, CHAIR

2020 Summary

- ▶ Lockdown hit in March and it was soon clear that there would be no group training or competitions for some time.
- ▶ The club took the decision to extend all memberships by nearly 4 months to account for the lockdown period April-July
- ▶ A enormous collective effort was made to get people back on track in August following stringent Covid-safe guidelines
 - ▶ Thank you to all involved
 - ▶ And a special thank you to those coaches who were able to provide virtual training opportunities right the way through lockdown
- ▶ All outdoor competitions were cancelled until September
- ▶ Performances
 - ▶ At the British Indoor Championships in February we celebrated a double success: Holly Archer was crowned 1500m champion and Tom Keen was second in the Men's 1500m as an U20 still too.
 - ▶ Roll forward to September, Marc Scott took Gold at the outdoor British Championships in the 5000m
 - ▶ There were many other individual and team performances of merit in a very shortened season

Monday evening Junior Academy

- ▶ Just before lockdown in early March we ran a mini-competition as an induction for the Junior Academy
 - ▶ Many parents volunteered to help run the events
 - ▶ Many new athletes turned out
 - ▶ The evening was a great success and looked like it would set us up well for the season ahead.
 - ▶ Alas, lockdown intervened
- ▶ Covid rules allowing we would hope to run a similar evening in 2021 as it proved to be a great way to get engagement from new parents and athletes

Para Athletics

- ▶ A dedicated storage unit now holds our race runners and wheelchairs
- ▶ The group now have exclusive use of the track from 6pm on Wednesdays
 - ▶ The committee agreed to fund this for a year from the donated funds
- ▶ The opportunity is to become the regional centre for this type of para athletics
- ▶ Coaches and helpers would be very appreciated:
 - ▶ Email: Neil Costello <neilzcostello@gmail.com>

An update on donations

- ▶ After receiving the large donations in 2018 and 2019, Mo Park led a small team to investigate options for spending the remaining money wisely
- ▶ We were ready to review the ideas in March when lockdown occurred.
- ▶ We will pick this up again early in 2021.
- ▶ Any further ideas, please use send your thoughts to:
 - ▶ investideas@cambridgeandcoleridge.org.uk

Treasurer's report

ED HALL, TREASURER

Cambridge & Coleridge Athletic Club

Surplus/(Deficit) w/o exceptionals	(£417)	£3,070	
* Additional Eddington fees and University 5% increase			

Cambridge & Coleridge Athletic Club

Accounts for the year ended 31 March 2020

- Overall – net deficit in line with expectations
- Subscription income decreasing as membership decreases slightly – some replacement by increased induction fees for young athletes
- Donation of £34k from Orbis Investments and £9k grant from A14 fund (for race runners)
- Equipment costs include race runners and disability storage unit
- Clothing sales similar to last year and contributing £300 to the club
- Expenses generally in line with expectation.
- Unclear whether we will be able to earn money from catering in 2021 as the University were planning to bring in caterers for events.

Cambridge & Coleridge Athletic Club

Subscriptions for FY 21 (ending March 2021)

- The FY21 will not reflect the normal receipts and expenses due to the lockdown period - the also run-rate is affected by:
 - Reduced membership as we've had fewer renewals and fewer joiners
 - Wednesday evening track booking
 - Holding back on equipment purchases (from day-to-day funds)
- The club does have sufficient reserves to weather 2020 and the uncertainty of 2021, so
- We propose no increase in subscription for 2021
 - Waged remains £75
 - Unwaged remains £65

Election of Officers and Committee 2021
